### MAINTENANCE

Wall Swivel Bracket is made of Stainless Steel. Its anti-corrosion properties depend on the conditions in which the steel is used and its maintenance. Stainless Steel products should be cleaned, dried and maintained with products intended for this purpose. Particular attention should be paid to the regime of cleaning for products used in an environment of high salinity or humidity.

- Facilitates the use of the reel along the 180° horizontal angle.
- The reel comes with a set of M12 screws for fixing the reel to the wall swivel bracket.
- Hygienic design.
- Solid and durable construction.
- Laser marking available upon request.
- Mounting plates for wall in the set.
